

As you all know we meet every Wednesday night 7pm at Barrister's. It is always fun, the music is always good, and we dance as much as retired teenagers can! Sometimes we add a little more fun with a special guest or theme night.

So tonight February 1, a special guest will be returning for his second appearance: MCB's own groundhog, Bubba, will give his predictions. His relative Phil, from Pennsylvania has no clue about this Alabama weather and neither do our local weather forecasters. So be the first to know by attending our dance tonight.

Then next Wednesday, February 8 wear RED as we celebrate heart month. Let's show our love for the friendships we have because of the Magic City Boppers and how lucky we are to have Barrister's so we can celebrate with our friends each Wednesday night. In some cases these friendships have turned into marriage and we celebrate all our couples, those newly married and those fortunate to have long lasting marriages.

On the following Wednesday, February 15, we will celebrate Mardi Gras. So come ready to party and get some beads

Mardi Gras deserves more than one celebration so our monthly party at the VFW on February 19, we will celebrate again. So get those purple shirts ready and come celebrate with us.

February 22, nothing special planned so we will celebrate you and thank you for showing your support by attending on Wednesday nights.
Love you all, my friends,

Becky
